

WESTFALIA

presents the holiday home on wheels

Volkswagen Kombi with Westfalia de Luxe Camping Equipment

Don't you sometimes long to leave life's hurly-burly behind you to go out into the wide world and pause in woods and meadows, by inviting lakes and hills, to camp where the restraining arm of civilization cannot reach you?

Wherever you want to go the VW Kombi will take you. And more! - fitted with Westfalia de Luxe Camping Equipment it can become a second home.

Everywhere you stop you are free and independent. It transforms your dreams into a wonderful reality, gives you the chance of exploring nature's nooks and crannies, exchanging the bustle of the main road for the windings of a country lane. In short of enjoying your leisure and your holidays just as you please.

These are the advantages of the VW Kombi with Westfalia de Luxe Camping Equipment which can be obtained at little extra cost with the paint finish as used on the current Micro Bus:

By day a dining room or study - by night a cosy bedroom.

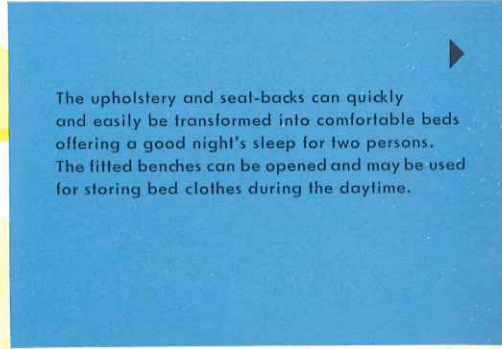

Everything has been thought of - refrigerator, propane gas cooker, ample cupboard space.

There is also a handy roof flap, a practical luggage rack and a spacy tent which can be completely fastened to the vehicle by a zip.

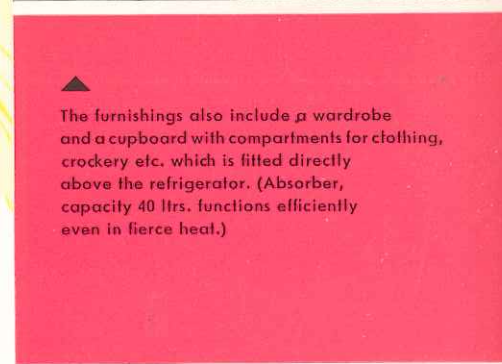

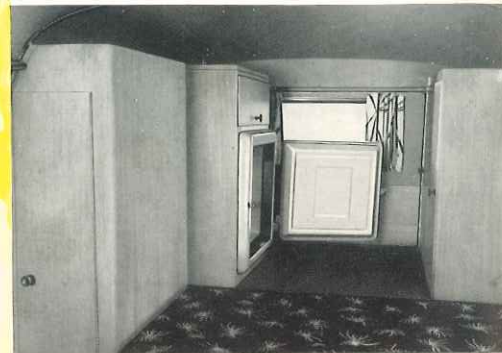

If there is no more room in the car, the roof rack (max. capacity 120 kg.) will carry a good deal of luggage (special photographic, hunting equipment etc.)

The VW Kombi can withstand tropical heat and arctic cold and offers you, no matter where you are, a feeling of comfort and of safety.

This holiday home on wheels will transform the world into an exciting picture book for you where every page is a new and satisfying experience

The upholstery and seat-backs can quickly and easily be transformed into comfortable beds offering a good night's sleep for two persons. The fitted benches can be opened and may be used for storing bed clothes during the daytime.

The furnishings also include a wardrobe and a cupboard with compartments for clothing, crockery etc. which is fitted directly above the refrigerator. (Absorber, capacity 40 ltrs. functions efficiently even in fierce heat.)

**This is the comfort offered you by the VW Kombi fitted with
Westfalia de Luxe Camping Equipment**

The firmly fitted Westfalia de Luxe Camping Equipment gives you all home comforts. There's no need to "rough it" - all "mod cons" are there for the taking. Whether you are on a business trip or on holiday you will find space enough for all your daily requirements.

The "wardrobe" is a real wardrobe, high and broad enough for coats, suits and dresses to hang full length.

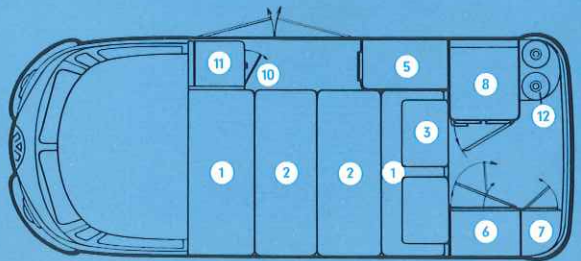

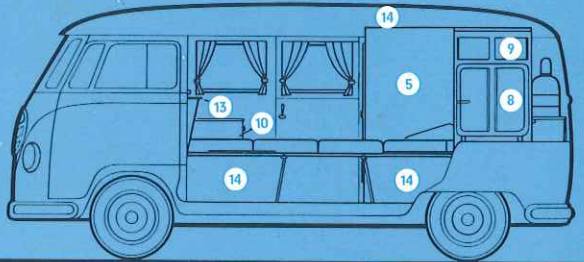

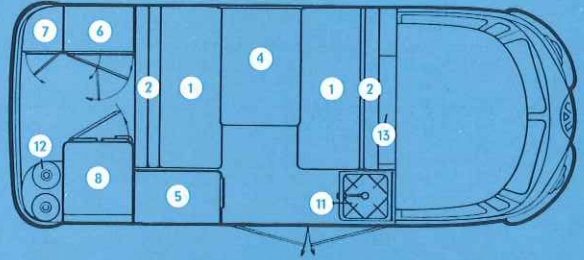

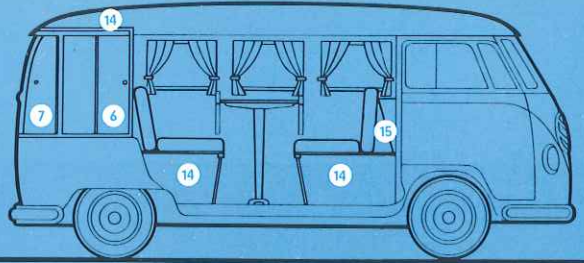

The interior is insulated and trimmed with heat resisting plywood (Limba). The upholstery is of "Moltopren", a moth and termite-proof material which is wellnigh everlasting. Curtains are fitted to all the windows and also separate the driving compartment from the interior.

The living-cum-workroom is roomy enough for four people and has a folding table and two wide, padded benches. While on the move a garden table and chairs for the veranda can be fitted snugly between the benches.

The propane or butane gas cooker is mounted on a small cupboard intended for pots and pans. A compartment for the gas cylinder (and, if required, a fresh water tank) has been built in at the rear.

- 1 Seat cushion } (double bed)
- 2 Back rest } (double bed)
- 3 Bolster
- 4 Table (for use also as bed)
- 5 Wardrobe
- 6 Wardrobe
- 7 Linen cupboard
- 8 Refrigerator
- 9 Crockery cupboard
- 10 Cupboard for pots & pans
- 11 Propane gas cooker
- 12 Propane gas cylinder
- 13 Shelf
- 14 Storage space (cupboard)
- 15 Bolster cupboard

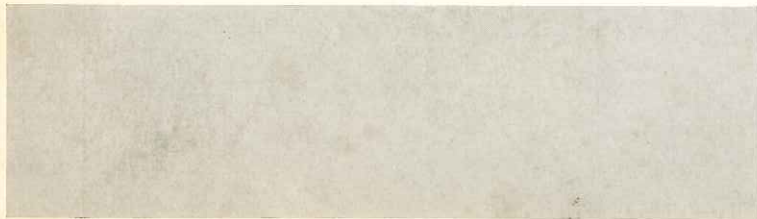

For waking and sleeping attractive and efficient.

The living room can be transformed within several minutes into a 2 man bedroom (length 1860 mm., width 1200 mm.). The driving compartment can be turned equally speedily into a childrens' bedroom. The roof flap can be opened while on the move, enabling keen photographers or hunters to get a good all-round view of their surroundings and allowing excellent ventilation at night with all doors and windows closed.
